

Filling plate for cans

Abfüllplatte für Dosen

Version 1*

Version 2*

*size ratio not drawn to scale

Application

The filling plate for cans simplifies the filling of the PROXAN®- flow guns with sturdy PROXAN®- joint sealant from a can.

The filling plate is affixed to the flow gun orifice after mixing the two-component material.

The vacuum generated during suction causes the filling plate to migrate downwards and thus fills the flow gun cylinder.

Features

- optimal flow gun filling with sturdy joint sealant
- easy filling plate cleaning

System products

Joint sealants

- PROXAN®- KV 2 ST
- PROXAN®- KV 3 ST

Cleaner

- PROXAN®- PR-S
- PROXAN®- PR 4
