

DOBAU®-Glass Tape

Petrolatum polymer tape

Use

DOBAU®- Glass Tape is a petrolatum polymer tape for sealing glass roofs (e.g. winter gardens and greenhouses) and protecting metal parts from corrosion.

Properties

DOBAU®- Glass Tape distinguishes itself by the following characteristics:

- processing even at cool temperatures
- good sealing properties, even with moving elements
- adheres to different elements
- permanently elastic
- resistant to chemicals and bacteria

Application instructions

Requirements to the subsoil

The substrate must be clean, dry and free of grease. Old sealant residues must be removed.

Weather conditions

Processing should be carried out at a temperature between 5 °C and 30 °C.

Form of supply

Width of roll	Rolls per box
50	12
